

AIIMS Awareness Training

22611VIC – Nationally Accredited Course in Awareness of the Australasian Inter-Service Incident Management System (AIIMS)

What is AIIMS Awareness Training?

AIIMS is the national incident management doctrine for fire and emergency services, government, not-for-profit agencies and industry. It allows building of trust and confidence in each other's ability to work together towards a common objective, yet still have responsibilities specific to area of expertise. It provides a universal framework for managing incidents, crises, and emergencies.

AIIMS Awareness Training provides understanding and awareness for support staff/community members in non-managerial roles in the workplace or local community to enhance their contribution as part of responding to a major incident.

Program Delivery

The session can include presentations, practical group activities and discussions, with individual exercises to help you stay focused and engaged throughout your training.

**HALF
DAY
PROGRAM**

OFFERED:

- Face to Face,
- Virtual,
- Blended or
- Completely Online

Tailored programs for specific organisations are also available.

Who will Benefit?

This training is for any person who is working in paid or volunteer roles and who may be involved in incident management.

This program is also ideal as an orientation for any person who may represent a public or private sector organisation as part of collaborative inter-organisational response to an emergency.
